

Curriculum Vitae

Personal information

Name: Seyed Fakhroddin

Last Name: Mesbah

DOB: 25, Jun, 1952/ 4Tir 1331

Place of birth: Ardekan, Fars, IRAN

Nationality: I. R. IRAN

Residency: Iran

Marital Status: Married, 2 daughters

Address: Department of Anatomical Sciences
School of Medicine
Shiraz University of Medical Sciences (SUMS)
Shiraz, IRAN
Post code: 71348-53185
Tel: +98 71-32304372
Fax: +98 71-32304372

Education Background

- **PhD** in Anatomical Sciences, 1995-2002,
Department of Anatomical Sciences,
School of Medicine,
Isfahan University of Medical Sciences,
Isfahan, I R IRAN.
- **MSc** in Anatomical Sciences, 1986-1988,
Department of Anatomical Sciences,
School of Medicine,
Mashhad University of Medical Sciences
Mashhad, I R IRAN.
- **BSc** in nursing (BS) 1975 – 1983
Iran University of Medical Sciences

Faculty Attendance:

- Associate professor: 14 August 2007- present,
- Assistant professor: 23 October 2002- 13 August 2007,
- Instructor and faculty member of SUMS: 1988- 22 October 2002,

Administrative and Executive Activities

- Head of Department Anatomical Sciences, Shiraz School of Medicine 1988-1996.
- Dean financial assistant of Shiraz School of Medicine 18 Aug 1998-30 Nov 1999.
- Head of Department Anatomical Sciences, Shiraz School of Medicine 2000-2003.
- Head of Department Anatomical Sciences, Shiraz School of Medicine 2003-2005.
- Chairman of sixth Iranian congress of anatomical sciences 5-7 May 2004 Shiraz, IRAN.
- Member of scientific committee of sixth Iranian congress of anatomical sciences 5-7 May 2004 Shiraz Iran.
- Member of executive committee of sixth Iranian congress of anatomical sciences 5-7 May 2004 Shiraz Iran.
- Dean financial assistant of Shiraz School of Medicine, 19/02/2005- 21 January 2010.
- Head of Department Anatomical Sciences, Shiraz School of Medicine, May 2006- April 2007.
- Co-establisher and Member of Fars state medical history museum of SUMS 10/14/2006- present.
- Co-establisher and member of stem cells laboratory, January 2006-present.
- Member of central laboratory of SUMS December 2007 – 21 January 2010 and February 2012- present.
- Establisher and member of occupational safety and health office of Shiraz medical school, - 21 January 2010.
- Member of publication committee of Shiraz University of Medical Sciences, June 2008- present.
- Head of Department Anatomical Sciences, Shiraz School of Medicine, 14 August 2009- February 2012.
- Head of School of Advanced Medical Sciences and Technologies, September 2011- 21/11/2015.
- Head of Sepidan Health Education Center 2014- Present
- Member of board Committee of anatomical sciences in ministry of health 2014- present.

Awards and Scholarship:

- Six months academic staff visitor) in Medical School of Otago University, Dunedin, New Zealand, 20 Feb-26 Sep.2002.

Membership:

- Iranian Anatomical Sciences Society.

Research interests

- Oocyte in vitro maturation
- TEM technique
- Fine structure of mammalian oocyte

Teaching experience:

Shiraz Medical School (1988- 1995)

- Gross Anatomy (head & neck, trunk, extremities and neuroanatomy) for Medical Students.
- General Anatomy, head & neck and neuroanatomy for Dental Students.
- General Anatomy and neuroanatomy for pharmacy students.
- Gross Anatomy (head & neck, trunk, extremities, surface anatomy and neuroanatomy) for physiotherapy students.
- General Anatomy for nursing students.
- General Anatomy and pelvic anatomy for midwifery students.
- Head & neck Anatomy for ENT assistants.
- Head & neck Anatomy for dental assistants.

Isfahan Medical School (1995-2000)

- Gross Anatomy (head & neck, trunk, extremities and neuroanatomy) for medical students.
- Neuroanatomy for rehabilitation students.

Shiraz Medical School (2001- present)

- Gross Anatomy (head & neck, trunk, extremities and neuroanatomy) for Medical Students.
- General Anatomy, head & neck and neuroanatomy for Dental Students.
- General Anatomy and neuroanatomy for pharmacy students.
- Gross Anatomy (head & neck, trunk, extremities, surface anatomy and neuroanatomy) for physiotherapy students.
- General Anatomy for nursing students.
- General Anatomy and pelvic anatomy for midwifery students.

- Gross Anatomy (head & neck, trunk, extremities and neuroanatomy) for anatomical sciences MSc students.
- Head & neck anatomy for ENT assistants.
- Head & neck, functional and comparative anatomies for dental assistants.
- Electron Microscopy for biochemistry, parasitological, microbiological and anatomical PhD and MSc students.
- Anatomy of digestive system for Medical Students

Before 1987: lecturer in the Health school of Shiraz Medical Sciences University.
